

Account Activation and Release of Records Form

Part 1 – Account Activation

Future Bound Miami is a Children's Savings Account (CSA) program providing kindergarten students at participating Miami-Dade County Public Schools (M-DCPS) elementary schools with a free, long-term, deposit-only savings account for their child's college or postsecondary education housed at the Educational Federal Credit Union (EdFed). When you activate your child's account in Kindergarten, the account will receive an initial deposit of up to \$50 automatically. There is no cost for parents or students to activate the account. You can contribute savings into your student's account at your own pace. From time to time, there will be opportunities to earn additional program contributions dollars dependent on available funding.

Only the student may access the account funds upon graduating from an M-DCPS high school, marking the successful completion of the program. At that time, students will also receive their earned program contributions. If a student leaves, M-DCPS prior to completing the program, all non-program contribution dollars deposited during their school career will be returned to the student. However, all program contributions earned through participation in the program will be returned to Future Bound Miami.

After submitting this form to your student's teacher or schools' Future Bound Miami Champion, you will receive a notification via text message and/or email that your students' account has been activated (please allow 2 weeks for account activation). Once you receive this message, you will be able to view your child's account balance in the Future Bound Miami Savings Tracker on the M-DCPS Student Portal. In order to view your student's account balance, you must agree to the Future Bound Miami Savings Tracker Portal Terms & Conditions below:
