HANDBOOK OVERVIEW
**Handbook Overview**

**Introduction and Rationale**

There has been a great deal of research linking “clean schools” to student attendance, student achievement, and employee attendance. Since many of the buildings and schools in M-DCPS are older, the mission of providing a clean, safe learning environment for all who step in our buildings has become a priority. A sound knowledge base by administrators with the ‘know how’, to supervise, clean and maintain the cleanliness in their buildings brings M-DCPS closer to realizing that mission.

This handbook has been developed to provide administrators with a tool to use in supervising and working with their custodial staffs at facilities and school–sites. Custodians will also use this handbook as a reference tool for policies, procedures, protocols, maintenance techniques and operations to help improve their performance.

**Purpose**

Keeping our buildings, offices and schools clean and toxin free are the greatest factors when talking about student attendance, employee attendance and student achievement. Cleanliness of our facilities affects the daily performance of employees, students, teachers and visitors who frequent our buildings. Good facility plans, along with continuous research, will allow us to productively sort through our issues and help produce long term, positive effects on our student’s academic outcomes and employee performance.

This handbook is aligned with the 2015-2020 Strategic Blueprint for Miami-Dade County Public Schools (M-DCPS). It has been compiled to support Pillar II, Safe, Healthy and Supportive Learning Environment, Priority 1, *Ensure a consistent standard of excellence for school maintenance and food service at all schools*. Using this handbook as a reference tool will provide administrators and custodial staff with appropriate and helpful policies, information, protocols and techniques in order to see an annual decline of violations and negative findings in our annual Sanitation and Health Department audits.
ABANDONMENT OF POSITION

Three consecutive work days of unauthorized absences for which no prior leave was requested or approved will be considered abandonment of position for which disciplinary action will be taken.

ACCIDENT OR INJURY

In the event an employee is involved with an accident or injury, an accident report will be completed and distributed, as prescribed by Administrative Directives.

Any staff member who is injured while on the job is required to immediately report the incident to their supervisor on the same day of the incident.

- You will be given a Workers’ Compensation Medical Request form that is to be given to the health center.
- Choose a center from the Authorized Health Center’s List. Physicians or health centers, other than those listed in the information provided, shall be considered unauthorized and payment will not be made.

ACCOUNTABILITY

All custodial personnel are responsible for the safe use, maintenance, storage and return of all items assigned to you. For inventory control purposes, M-DCPS issues property control numbers for all furniture and equipment purchased by and for district use. Any item with a position control number may not be loaned or moved to another location without written consent of the work location administrator/principal. Employees are required to immediately report the loss or damage of any school property to an administrator and/or to the Head or Lead Custodian.

AMERICANS WITH DISABILITIES ACT OF 1990 (ADA)

It is the policy of the School Board that no person will be denied access, employment, training, or promotion on the basis of gender, race, color, religion, ethnic or national origin, political beliefs, marital status, age, sexual orientation, social and family background, linguistic preference, or disability, and that principles of merit will be followed (see Americans with Disabilities Act).

The Americans with Disabilities Act (ADA) of 1990 prohibits employment discrimination against “qualified individuals with disabilities.” A disabled individual, under the ADA, is a person who has a physical or mental impairment that substantially limits one or more major life activities; has a record of such impairment; or is regarded as having such impairment.

The District Consultative Committee (DCC) has been designated the responsibility of determining an individual’s eligibility under the ADA and reviewing requests for accommodation from employees and job applicants. To apply for ADA accommodations, call (305) 995-7116 and request an application.
ANNUAL LEAVE (VACATION) SCHEDULING

Annual leave (vacation) should be used to provide periodic vacation. Employees will be permitted the opportunity of taking a minimum of 10 consecutive days’ vacation during a fiscal year, provided that number of annual leave days has been accrued. Annual leave may be used for purposes other than vacation when authorized by the supervising administrator.

Upon reasonable notice, supervising administrators may require an employee to use any part of his/her accrued annual leave for vacation purposes at any time that is deemed advisable.

Annual leave for an employee shall be so scheduled that there will be minimum disruption of the operation of the school system.

APPROVED PERSONAL LEAVE WITHOUT PAY

Any leave of absence without pay, not to exceed 30 days, granted to full-time permanent employees of the Miami-Dade County Public School system, which has been requested, in writing, by the employee at least five days prior to the date of the requested leave, and approved, in writing, by the Superintendent or his/her designee. Personal leave without pay may not be used until all authorized personal leave has been used.

BREAK TIME

For daily work assignments of six or more hours, permanent and probationary employees (except bus drivers and bus aides) shall be entitled to one 15-minute break for each half of the work assignment. For work assignments of less than six hours, such employees shall be entitled to one 15-minute break.

BRINGING RELATIVES TO SCHOOL

Bringing relatives/acquaintances to work/school is a liability to the school system. Please do not bring relatives/acquaintances to school at any time during the school year, except during Bring Your Child to Work Day.

CALL BACK

Employees called from home to work shall be guaranteed at least four hours’ pay at the time and one-half rate, provided such work does not immediately precede or extend the employee’s regularly-assigned work schedule.
CIVIL RIGHTS COMPLIANCE (CRC)

The Office of Civil Rights Compliance (CRC) strives to ensure that all members of Miami-Dade County Public Schools (M-DCPS) value and respect each other's contributions and opinions without regard to gender, race, social or ethnic background, or any of the protected categories. CRC's mission is to deter and investigate complaints of harassment and discrimination based on the protected categories. We carry out this mission through proactive training regarding discrimination/harassment and cultural sensitivity, as well as by conducting fair, impartial and timely investigations. Additionally, CRC responds to complaints/charges filed with state and/or federal enforcement agencies. The telephone number to the Office of Civil Rights and Compliance (CRC) is (305) 995-1580.

CLEANLINESS

All assigned areas must be properly cleaned every day in order to provide students, parents, teachers and visitors with a safe and clean environment at all times. Please be mindful, that we may receive visitors at any time and it is imperative that all facilities are kept to maximum standards.

CLEAN-UP TIME

Permanent and probationary employees (except bus aides) will have 10 minutes prior to the close of each work shift for the purpose of clean-up and/or returning tools and equipment.

CUSTODIAL SERVICES

The following guidelines and procedures will be implemented regarding the organization and provision of custodial services.

1. SUPERVISION
   a. The site administrator (e.g. principal) shall have overall responsibility and supervisory authority for all custodial activities and resultant facility condition.
   b. The principal's responsibility in this area is typically and properly delegated to the site Head Custodian (or, in a few very large facilities, to a Plant Foreperson). The Head Custodian (or Plant Foreperson) shall be responsible for all custodial activities on all shifts.

**DUE PROCESS**

Unit members are accountable for their individual levels of productivity, implementing the duties of their positions, and rendering efficient, effective delivery of services and support. Whenever an employee renders deficient performance, violates any rule, regulation, or policy, that employee shall be notified by his/her supervisor, as soon as possible, with the employee being informed of the deficiency or rule, regulation, or policy violated. An informal discussion with the employee shall occur prior to the issuance of any written disciplinary action. Progressive discipline steps should be followed, however in administering discipline, the degree of discipline shall be reasonably related to the seriousness of the offense and the employees' record. Therefore, disciplinary steps may include:

1. verbal warning;
2. written warning (acknowledged);
3. Letter of reprimand
4. Suspension/demotion; and
5. Dismissal

A Conference-for-the Record shall be held when there is a violation of federal statutes, State Statutes, defiance of the administrator’s authority, or a substantial investigation to determine if formal disciplinary action should be taken (i.e. letter of reprimand, suspension, demotion or dismissal). A Conference-for-the Record in and of itself shall not be considered disciplinary.

The employee shall be given two days' notice and a statement for the reason for any Conference-for-the Record, as defined above, except in cases deemed to be an emergency. A maximum of two Union representatives may be present at a Conference-for-the Record.

**EMPLOYEE ASSISTANCE PROGRAM**

The Employee Assistance Program (EAP) is intended to help employees and their families who are suffering from persistent problems that tend to jeopardize an employee’s health and continued employment. The problems may include alcoholism, drug abuse, emotional or other concerns, such as health, family, stress, marital, financial, legal, or vocational difficulties. Miami-Dade Public County Schools recognizes
behavioral disorders and mental health problems as illnesses that can be successfully treated. The program goal is to help those individuals by providing consultation and referral to treatment and rehabilitation, in order to prevent their condition from progressing to a degree at which they cannot work effectively.

The Employee Assistance Program is for you, the individual employee, and for your immediate family members. The EAP is designed to provide confidential help to individuals whose personal problems are affecting their ability to function at home, in their social life or on the job. All of us at one time or another has personal medical problems which affect us in many areas of our lives. Most of the time we find our own solutions to these problems. Sometimes, however, outside help and professional guidance are needed. Your Employee Assistance Program is a good place to start. The telephone number to the Employee Assistance Program is (305) 995-7111.

EMPLOYEE CONDUCT

An employee subpoenaed in line of duty to represent the Board as a witness or defendant shall be given temporary duty with pay and any witness fees shall be retained by the employee.

In no case shall temporary duty with pay be granted for court attendance when an employee is engaged in personal litigation; however, employees have accrued annual leave (vacation) may be granted annual leave in such cases, with approval of the responsible supervisor.

When a formal investigation has been authorized, all personnel involved will be advised of their legal rights and the procedures available to them for representation in accordance with PIM. Information that is not substantiated will not be used for disciplinary action against the employee.

COMMON SENSE SUGGESTIONS FOR NON-INSTRUCTIONAL PERSONNEL

- Do not discipline, counsel, or touch students. Notify an administrator if you believe a student is misbehaving.
- Do not flirt with students, staff members, and co-workers.
- Do not discuss your personal life or personal matters with students, staff members, and co-workers.
- Know and follow your worksite policy regarding reporting absences and tardies.
• Request vacation days in writing and in advance for approval. Do not call in the morning and expect to be granted vacation leave for that day.

• Do not conduct personal business during work hours or use the phone for personal calls.

• Be present and on time every day.

• Be a role model at work and in the community.

• Dress professionally, appropriately, and modestly. Wear your uniform if your job requires it.

• Know School Board Rules, especially regarding Drug-Free Work Place, Violence in the Workplace, Weapons Possession, Corporal Punishment, Sexual Harassment, Employee Conduct, and Employee/Student Relationships. School Board Rule 1139

• Do not argue with co-workers; Board Rule prohibits use of profanity.

• Respect your supervisor and follow all instructions given, whether or not you agree with them.

• Request a leave if you will be absent from the worksite more than 30 days.

• Do not assume your supervisor/principal knows why you are absent for a long period of time. Notify him/her in writing of your intentions. It is better to resign than be terminated from your job for abandonment.

• Remember, romance and work can be a dangerous combination. Do not risk your paycheck for what may be a temporary partner!

Perhaps the toughest challenge in reconditioning floors is removing old wax build-up. These discolored layers of old floor finish detracts from the appearance of any otherwise clean and neat room. Once you become an expert at removing edge build up, you will want to become an expert at preventing it. To remove build up on vinyl, terrazzo, or concrete there are several steps.

**Procedures:**

I. Assemble equipment and materials:

II. Prepare floor finish remover according to label directions in one bucket:

   a. Soak blanket in stripper solution
   b. Unroll blankets along areas of edge build up.
   c. When softened, scrape up build up – look for a gray milky colored surface.
   d. It is usually best to work in 15 – 25 foot sections. Repeat steps b, c, and d until build up is no longer apparent
   e. Remove excess stripper
   f. Rinse with clean water
   g. When dry inspect for any remaining build up. If necessary, repeat process
   h. Discard old solid wax in a plastic liner, then place in trash
i. Discard soiled water in a custodial closet drain
j. Wash and dry Blanket – for later usage

Your edges should now be ready for proper care. In the future, do not finish floors to the baseboards – only on first and last coat. Remember that if no one walks it off – you will have to scrub or scrape it off, so keep it away from the edges.

SUBJECT: REPORTING PERSONNEL ABSENCES AND PAYROLL PROCEDURES

___________________________________________ will be responsible for recording absences and tardiness for staff members. You are directed to telephone __________________________________ to let him/her know of your intended absence. Please indicate the type of leave you are taking (personal or sick) leave when you telephone __________________________________.

In the event that you know that you are going to be absent from work on the next workday, inform __________________________________. Thereafter, it is your responsibility to telephone __________________________________ at the school, before your scheduled work reporting time to indicate if you will be returning to work on the following day. This is extremely important so that the required coverage can be scheduled. If you fail to notify __________________________________ of an absence and do not report to work, you will be charged unauthorized leave without pay for that day.

Additionally, you are required to sign your leave card upon returning to work and submit the signed leave card to __________________________________.

All custodians must sign time-in and time-out on a daily basis. The payroll attendance is processed by the accuracy of the sign-in sheet. If you fail to sign time-in upon arrival or sign time-out at the end of your shift each day, this may result in a loss of pay. Additionally, please do not erase, use whiteout or mark on the payroll attendance sheet in any form other than recording your time in and out. Alterations on the payroll attendance sheet in any way are considered forgery and can be grounds for dismissal. Please remember that no other individual can sign time-in and/or sign time-out for you. You must personally sign time-in and sign time-out.

Thank you for your cooperation.
