

**Responding to a Crisis Event During Distance Learning:
Support Services Provided by the District Crisis Management Program**

District Crisis Management Staff will:

- **contact the school principal to gather pertinent information regarding the loss and provide consultation and guidance concerning appropriate response actions.**
- **consult with the school's Student Services Team via the digital platform to discuss the potential impact of the loss and assist in the coordination of recommended interventions.**
- **assist the school principal and Student Services Team in notifying staff and students of the loss.**
- **provide virtual crisis counseling for staff and students impacted by the loss.**
- **offer guidance and resources for school administration, faculty, and the Student Services Team to establish continuity of care in supporting students as they navigate the grieving process.**
- **maintain contact with the school principal to determine if additional support is needed in the future.**
