

Miami Dade County Public Schools Courses Curriculum Menu

The Secondary Courses Curriculum Menu aims to assist schools with master schedule development and course offerings. Some of the secondary courses are available as a district-developed course through the K12 platform. Others show that the course content is district-developed and available through Microsoft Teams. Courses that do not show either K12 or Teams as the curriculum platform, will be teacher-developed in K12 or Teams using a blank course template. The development of courses by teachers for the core content courses offered in our district will be a part of their professional development.

Secondary Core Content Courses Curriculum Menu As of August 18, 2020
