

EVERYONE COUNTS!

Census Day is April 1, 2020

Miami-Dade County Public Schools
wants to ensure everyone is counted,
ESPECIALLY our children.

Attention Families!

Your responses to the 2020 Census are protected by federal law, and the Census Bureau cannot release any identifiable information about you to anyone. The information is used only for statistical purposes.

There will be NO citizenship question on the 2020 Census.

All children (including newborns) and adults should be counted where they are living or sleeping on April 1; regardless of the living arrangement.

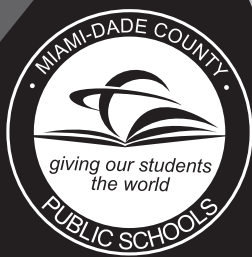

You will be able to complete the form online, on the phone, or by mailing a paper copy, and guidance will be available in 59 languages other than English.

Ten minutes of your time affects the funding of programs for the next 10 years, and responding to the census will help communities and schools get the funding they need.

Census data results in billions of dollars of local funding for programs such as Title I, food stamps (SNAP), the National School Lunch Program and the Children's Health Insurance Program (CHIP).

Census data will determine the number of seats for the state of Florida in the U.S. House of Representatives.

It's easy, it's important and it's safe.
