

PAMM Student Pass FAQ

What is PAMM Student Pass?

PAMM Student Pass is a program that grants free admission to Pérez Art Museum Miami (PAMM) for all students currently attending Miami-Dade County Public Schools (M-DCPS).

How does PAMM Student Pass work?

PAMM Student Pass holders receive free admission anytime they want to visit. They may bring (1) adult guest for free with them. The pass holder must currently be attending a Miami-Dade County Public School, in grade Pre-K-12. The pass holder must be present for the adult to visit. There is only (1) adult guest admitted per pass holder. Any additional adults must be museum members or purchase admission.

Does the adult guest have to be the student's legal guardian?

No. The adult guest can be a parent or guardian—but they might also be a babysitter, grandparent, or scout leader. This access card empowers the student to visit as often as they like, even if their legal guardian cannot always accompany them.

How does my child enroll in the program?

To enroll, students may follow the PAMM Student Pass link in their M-DCPS online portal, fill out the form, and bring it to PAMM. We will also have applications at the front desk of the museum during regular museum hours.

Does PAMM Student Pass expire?

PAMM Student Passes expire on August 31 of every year. Beginning September 1, students may re-enroll for free, as long as they are still attending a Miami-Dade County Public School (grade Pre-K-12).

My child goes to a private school or a school in another district. Can they get a PAMM Student Pass?

Currently, only students from M-DCPS can enroll in the PAMM Student Pass program. Students in private schools and in other districts can take advantage of free admission at the museum every first Thursday and every second Saturday of the month.

My child goes to a charter school. Can they get a PAMM Student Pass?

All M-DCPS students can enroll in the PAMM Student Pass program, including charter school students. To enroll, students may follow the PAMM Student Pass link in their M-DCPS online portal, fill out the form, and bring it to PAMM. We will also have applications at the front desk of the museum during regular museum hours.

What age can students visit without an adult guest?

Students can visit the museum without an adult guest at the age of 16.

I have a family membership that gives my child and me free admission to the museum. What is the difference?

PAMM Student Passes are all about access! As such, they do not include membership benefits such as early admission to special exhibitions or discounts in the PAMM Shop and at Verde. PAMM Student Pass grants free admission to (1) student and (1) adult guest. A Family membership provides free admission to two adults, children 18 years old and under in the household, a guest pass to share with friends and family every year, and more. See membership benefits at pamm.org/support.

Who funds this program?

PAMM Student Pass is supported by Pérez Art Museum Miami.
